Keewaydin farms

family owned since 1976
100% Certified Organic

Keewaydin's CSA Program:

Our family owned farm is happy to offer you a share in our 2009 CSA program. We are certified organic and fair trade. By signing up for our program, you are supporting an agricultural system based on organic, sustainable methods that strives to provide a socially-just living for farmers and their farm workers. Join us in providing a better world not only for yourself but for generations to come. Let us strive to set superior standards, where fresh, high-quality, nutrient-rich, flavorful produce becomes your family's normal table fare.

Our CSA season runs for 20 weeks tentatively the first week of June to the middle of October. This will give you the opportunity to taste the farm's full spectrum. Your share will include early season crops such as radishes, scallions, and asparagus ; warm season crops such as sweet corn, tomatoes and peppers ; and late season crops like potatoes, Brussels sprouts, and onions. Quantity and variety will increase through the season. Also included with your share is an online weekly newsletter posted on our website (www.keewaydinfarms.com) where you can also enjoy pictures of the farm.
